Review Log – SDLC Model Version 1.0

Authors: Prashant Pandey, Nitish Mittal

Following changes were made:

1. Definitions, merits and demerits of following models:
 - Waterfall Model : classical, iterative and prototype
 - Incremental (Evolutionary) Model
2. Conclusion: Our Preference
 - Previously, we ought to proceed with Classical waterfall model. But, after having a revised discussion with our course Instructor and the mentor, we intended to change our preferential SDLC model to Evolutionary model. So, necessary changes were made accordingly under this section.
3. Indentation, font, alignment and grammatical mistakes.
