

**Team 7, IT314 Software Engineering
Winter 2012-13**

Software Requirements Specification - Review Log

Authors: Akash Pandey, Manjit Chavda and Sandeep Mertia

Date: 19 February, 2013

Changes Made/Suggested are as follows:

1. Change text alignment from 'left' to 'justified'.
 2. Change font size to maintain 16, 14, 14, 12 – heading wise size.
 3. Pg 2 – Mention all the names of Primary Authors and Reviewers instead of 'Team 7'
 4. Pg 2 – "clients" instead of "client"
 5. Pg 5 – Made changes in 'scope'
 6. Pg 5 – Slight correction in Clients and Stake holders. Now includes "Core Committee and Faculty Mentor" terms.
 7. Pg 5 – Add new references
 8. Pg 6 – Change 'Product Perspectives' and 'Produce Requirements' - Needs to be more clear and detailed.
 9. Pg 7 – User classes - need to change the description of users based on location of access.
 10. Pg 7 – 'Design and Implementation Constraints' not clear
 11. Pg 8 – Corrections in 'hardware' and 'communications' interface
 12. Pg 9 – Corrections in 'Systems Features'
 13. Pg 13-18 – Formatting of Use Cases diagrams
 14. Pg 19-30 – Editing, formatting and font changes.
